Co.Lok's simple, yet complete, offering allows you to choose from open/closed lockers as well as a different number of locks, doors, and sizes to customize your storage needs.

Functionality meets great design!

All lockers can be used 360 degrees, allowing greater integration in any work setting. In high collaborative spaces, you can even choose the add-on whiteboard back to increase communication in your team! If you prefer a more seamless integration, you can opt for the add-on back for better finish. Both options allow a smart integration of the product in open spaces.
