STAD Office Furniture System receives a prestigious GOOD DESIGN® Award

by The Chicago Athenaeum Museum of Architecture and Design

**GOOD
DESIGN**

MONTREAL, December 18, 2017 – The Chicago Athenaeum Museum of Architecture and Design has crowned STAD with a prestigious GOOD DESIGN® award as part of its 67th annual awards presentation. Each year, the Chicago Athenaeum presents the GOOD DESIGN® awards for the most innovative and cutting-edge industrial, product, and graphic designs produced around the world. The GOOD DESIGN® program is the oldest and most prestigious global awards program for design innovation of its kind. The award is yet another recognition of the outstanding talent and leadership of Groupe Lacasse in the design and the manufacture of innovative laminate furniture solutions for today's workplaces.

As a GOOD DESIGN® 2017 recipient, STAD Office Furniture System by Lacasse is now part of the Museum's prestigious Permanent Design Collection.

More than just office furniture, STAD is a professional lifestyle. Answering to the emerging needs of today's open plan workspaces, including more privacy when desired and collaborative or impromptu meeting areas, the components can be reconfigured time and again, with adjustable height tables, modular soft seating and poufs for greater comfort and better posture. STAD brings nature into the office, for a calm, vibrant atmosphere.
