PRICE LIST & SPECIFICATION GUIDE 2022

EFFECTIVE JANUARY 01, 2022

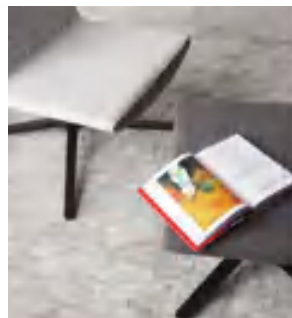

why Via?

At Via Seating we have a philosophy—great things happen in a chair. It is with this vision that we set out to cultivate the perfect sitting experience. Through the creative genius of our team of engineers, ergonomists and designers across the world, we shape comfortable chairs with innovative technology at an incredible value backed by our industry-leading warranty. Our solutions translate across a variety of work and collaborative spaces. Explore our 17 categories and growing of seating including task, conference, executive, guest, lounge, outdoor, and more. Discover for yourself how great things happen in a Via Seating chair.

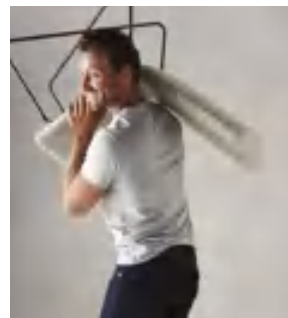

to be innovative

Experience an extensive breadth and depth across 17 categories of seating, superior ergonomic technology and Via Seating's signature proprietary molded foam comfort.

to be easy to spec

Custom build your chair and generate a visual quote with list pricing on our easy-to-use, quick, digital Spec It! builder or highly visual price book.

to be quick ship

Via Seating has more than a quick ship program. We are a quick ship company on 99% of our offerings with a 48 hour manufacture time and 1 day to ship.

to be covered

Our industry-leading, hassle-free warranty covers the whole chair—including the foam and labor—for 12 years.

Effective Sept 1, 2022: Add an upcharge of 8.5% to all items in this price list and round to nearest dollar. If 0.01 to 0.49, round down to 0.00. If 0.50 to 0.99, round up.

pricing, terms & conditions

PRICING

- Prices listed in this book are LIST prices including standard freight. Merchandise is sold FOB ORIGIN, with ownership transferring to the purchaser at the time of shipment, within the 48 contiguous United States.
- Prices are subject to change without notice, prior to order confirmation. List prices are subject to trade discount for qualified purchasers.
- Every effort is made to ensure that the Price List and all support documentation are up to date at the time of printing.

CREDIT

- Credit should be established in advance of placing an order with Via Seating to allow time for credit verification.
- A credit limit will be determined upon acceptance of satisfactory references.
- If an open account has not been established by the time of shipping, first time orders with approved credit must be accompanied by a 50% deposit with balance due 30 days upon shipment.
- New customers must contact Via Seating, or a Via Seating representative for a credit application.

TERMS

- Existing customers with approved credit; Terms are Net 30 Days.
- Early payment discount of 1.5% when received Net 10 days, with check or ACH. No discount when paid with a credit card.
- Credit card payments accepted with 2.5% surcharge (for non-GSA orders). Surcharge waived if paid Net 10.
- Past due accounts are subject to a monthly service charge of 1.5% (18% APR).
- All orders placed without approved credit must be pre-paid in full prior to production.
- First time orders with approved credit must be accompanied by a 50% deposit with balance due 30 days upon shipment.

SHIPPING & FREIGHT

The best method of shipping is determined by Via Seating. All packaging is included.

STANDARD SHIPPING: Most Via Seating chairs ships 95% assembled (NO TOOLS REQUIRED).

FULLY ASSEMBLED: 100% assembled in a box. See series pages for details and pricing (task, conference & executive chairs only).

BLANKET WRAPPED: minimum order of 150, call chairs (call 1-800-433-6614 for more information).

Freight is included anywhere within the contiguous US, with the following exceptions:

- Additional Freight costs will apply to multi-use seating orders when less than box quantities are ordered for multi-pack boxes.
- See freight costs for outdoor furniture.
- Zone restrictions apply to: Alaska, Hawaii, Puerto Rico, Guam, Canada and Mexico.
- Charges are non-negotiable for any shipping costs outside of Via Seating typical shipping. Additional charges apply to orders requiring: liftgate, inside delivery, address changes, storage or holding costs and any conditions outside of those for standard shipping.
- Short shipments must be noted on the bill of lading and a copy of this must be sent to Via Seating within 5 days of delivery.
- Residential deliveries include a separate delivery fee.

FREIGHT TERMS

- The dealer is responsible for any/all storage or holding costs, re-delivery charges, detention fees and change of address after shipment.
- Detention fees will be billed direct to consignee by carrier. If consignee or dealer requires change in billing, they can contact carrier directly.
- Expedited freight (overnight, 2 day or 3 day), Lift Gate and inside deliveries are available at an additional charge.
- Limited Access Charges apply to all limited access facilities including Schools, Military, Construction, Churches etc.
- Call your Via Seating Client Accounts Specialist for a quote. Please allow 24 hours for all quotes.

CHANGES/CANCELLATIONS

- Change requests may result in a change fee.
- Changed or canceled non-stock fabric or leather orders will result in restocking charges.
- Canceled orders already in production will result in restocking charges.

- Contact Client Accounts at 1-800-433-6614 for more information.

RESELLERS & PRODUCT DISPLAY

- Prior permissions from Via Seating in writing & signed are required to display or sell Via Seating product through any form of print or digital media including websites, in person and through any method of sale.

FREIGHT CLAIMS

- All Via Seating products are carefully inspected and securely packed prior to leaving our facility.
- It is the consignees or customers responsibility to verify the product is received free of visible damage. In noting any/all damage on freight carrier's delivery receipt (BOL) at time of delivery. Consignee accepts full responsibility for all visible damage if it is not noted on BOL.
- All damage claims (visible or concealed) must be photographed and submitted to Via Seating within five (5) days of receiving merchandise. Claims submitted outside of this window are subject to rejection.
- Claims must include a Returns Material Authorization (RMA) form.
- Returns are not accepted without prior consent from Via Seating and must have a Returns Material Authorization number assigned by Via Seating.
- Authorized returns are subject to a minimum 25% restocking charge depending on circumstances.
- Shipping costs for returned merchandise are the responsibility of the customer.

<https://www.viaseating.com/warranty>

EXPEDITED ORDERS

- Every effort will be made to meet our customers install/delivery dates.
- If there is a necessity to expedite production, an additional charge will be applied. Via Seating will notify the customers with details on additional charges.
- Via Seating is not responsible for costs associated with missed delivery.
- Guaranteed delivery purchases must be made to carrier.

48-hour quick ship

Via Seating is a quick ship company. Over 95% of the Via Seating offerings are on 2 day quick ship schedules. This includes our task, swivel-caster stool, heavy duty, conference, executive, management, multi-use, lounge, and motion seating offerings.

great chairs
that are
consciously built

a great chair, a great world

At Via Seating we believe great things happen in a chair. We understand that to make this happen, it takes a lot more than creating a great chair. Discover how we're committed to developing a greater, more inclusive workplace, a greater, more sustainable environment, and greater, more enriched communities.

Studio V

Studio V creates modern, sophisticated and original seating solutions that are ergonomic, beautiful and sustainable. This team of engineers and designers is based in Reno, Nevada, where they develop products using a prototyping lab, the latest in 3D modeling software and a materials testing center. All Via Seating are tested through an unaffiliated third-party testing lab to ANSI/BIFMA standards. They are each tested again through our internal testing lab.

BIFMA LEVEL® 2

BIFMA's sustainability certification program for furniture.

All Via Seating products are **BIFMA LEVEL® 2** certified.

CLEAN AIR GOLD

ANSI/BIFMA e3-2014e, Sections 7.6.1, 7.6.2, 7.6.3

All Via Seating products are **CLEAN AIR GOLD** certified.

mindful MATERIALS

All Via Seating products are listed on the mindful MATERIALS Library, powered by Origin. The mM Library is a freely searchable platform where users can access product data such as BIFMA LEVEL® certifications, Clean Air certifications, LEED data and more.

Healthcare Without Harm & Practice Greenhealth

Via Seating products meet the Safer Chemicals, Healthy Interiors Goal for Seating (chairs, stools, sofas, benches, recliners, loungers, etc.).

LEED Credits

Via Seating products earn points toward LEED certification. These LEED credits include those for environmentally preferable furniture, low emitting furniture, recycled content, post consumer material and for our local U.S. manufacturing location in Sparks, NV.

12 year warranty

All Via Seating products are manufactured with meticulous attention to detail to be high quality, durable, long-lasting and in accordance with ANSI/BIFMA standards.

Via Seating warrants to the initial purchaser, our products will be free from defects in material and craftsmanship for the extent of the applicable warranty period beginning from the date of the original sale.

Products covered by this warranty that were determined to be a result of a defect in material or craftsmanship will at Via Seating's discretion be repaired or replaced with a comparable product free of charge. Via will cover the labor costs of said repair with pre-approval. Repair or replacement of any defective part is the customer's exclusive remedy for any and all product defects. The user shall be responsible for all maintenance service, which includes but not limited to: lubricating and cleaning of the product, assembly, adjustment, checking all screws every six months to ensure tightness and performing operation checks. This warranty applies to all Via Seating products manufactured after January 1, 2021 and shipped to the Contiguous US, Alaska, and Hawaii. There are no other warranties, expressed or implied, other than those specifically described here.

WARRANTY PERIODS

12-YEAR WARRANTY COVERAGE

All Via Seating products are warranted for 12 years—including 24/7 use chairs—except where noted. Unless otherwise specified, Via Seating's proprietary, closed-cell cold-cured, injection molded foam is also warranted for a period of 12 years.

24/7 SHIFT APPLICATIONS

Via Seating's 24/7 shift applicable series Brisbane HD 24/7, Genie®¹, Genie Flex® (including FlexBack with TPU) and Vista II are all covered under Via Seating's 12 year warranty².

1. Mesh on Genie® is covered for 2 years at 24/7 use.

2. Textiles are covered for 2 years at 24/7 use.

TEN-YEAR WARRANTY COVERAGE

Vista II chairs on casters.

SIX-YEAR WARRANTY COVERAGE

All lounge series (Astro, Chico, Comet, Edge, Luna, Meteor, Muir, Nebula & Orbit), multi-use series (Eclipse, Splash, Sutro & Zee).

Via Seating reserves the right to make changes in design/construction and to discontinue products without prior notice.

WARRANTY EXCEPTIONS

(not covered under warranty)

- Normal wear and tear, abuse, misuse neglect, items with alterations, unauthorized repairs, damaged by fire, flood or other acts of God will not be covered.
- Puddling or wrinkling of Non-Stock fabrics, leather or vinyl.
- Graded-In, COM/COL textiles.
- Color-fastness or matching of colors patterns or dye lot, including: minor variations, color matches to swatches used for specification purposes and/or prior purchases.
- Products specified outside of those shown in this price list.
- Products with unauthorized repair or alteration.
- Products not cleaned, used maintained or installed in accordance with Via Seating's applicable guidelines.
- Products exposed to conditions deemed extreme (i.e. environments other than "normal commercial, indoor office" spaces) and damage from sunlight and UV rays.

- Products purchased "as is" or second hand/refurbished products.
- Products sold by unauthorized dealers.
- Variations of leather; dye lots, environment marks, scars, bites, rubs, wrinkles, stretch marks, pattern markings and minor irregularities in color, surface, grain & texture.
- Samples, floor/showroom samples, road samples.
- Damage caused by the carrier in-transit, which will be handled as a separate claim against the carrier.
- Damage caused by staining, sharp objects, and water damage.

CLAIM PROCESS

In order to process your warranty claim accurately and efficiently please enter your warranty claim through our website at:

<https://www.viaseating.com/warranty>

cleaning & care guidelines

OVERALL CARE GUIDELINES

- We recommend that you always read the manufacturer's directions printed on all cleaning agents thoroughly before using and follow those guidelines as they are stated.
- Before using any new cleaning product test it out in an inconspicuous spot on the chair.
- If you notice a stain on your chair, try to remove it immediately. Letting it sit may cause the stain to sink into the material, making it more difficult to remove.

PLASTICS ("POLY")

- For general cleaning, gently wipe the plastic with a dry, clean, lint-free cloth lightly wet in a soap-and-water mixture.
- For any stains, wet a dry, lint-free cloth lightly in white distilled vinegar and wipe the area until the stain is gone.
- For a deeper stain, use a soft-bristle brush wet in a soap and water mixture to wipe gently at the stain. Avoid scrubbing too hard as this can create scratch marks.

MESH

- For general cleaning, gently wipe the mesh with a dry, clean, lint-free cloth.
- Vacuum up the entire back of the chair to remove any dust/dirt/crumbs that may be hidden in the mesh. Take your lint-free cloth, dampen it in any water-based cleaning agent and gently dab the area where the stain is. Do not scrub across the mesh as this may cause the mesh to fray. Continue to dab at the stained area until the stain is soaked up.

FABRIC

- For best care and maintenance, we recommend first checking the fabric manufacturer's website for the best cleaning and care guidelines.
- For general cleaning, gently wipe the fabric with a dry, clean lint-free cloth.
- Vacuum up the entire back of the chair

to remove any dust/dirt/crumbs that may be hidden in the upholstery. Take your lint-free cloth, damp it in any water-based cleaning agent and gently rub the area where the stain is. Dry the upholstery with a clean lint-free cloth once you're finished.

VINYL

- For best care and maintenance, we recommend first checking the vinyl manufacturer's website for the best cleaning and care guidelines.
- For general cleaning, gently wipe the vinyl with a dry, clean lint-free cloth.
- Wet your soft-bristled brush in the warm water and mild soap mixture. Do not use detergents as this can change the look & feel of the vinyl. Moderately scrub the stain with the wet bristle brush. Wipe the loosened stain off with a lint-free cloth.

LEATHER

- For best care and maintenance, we recommend first checking the leather manufacturer's website for the best cleaning and care guidelines.
- For general cleaning, gently wipe the leather with a dry, clean lint-free cloth.
- For any stains, wet a dry, lint-free cloth lightly in a non-detergent, soap-and-water mixture. Gently dab at the impacted area. Do not scrub. Allow the area to dry naturally.

PAINTED/POLISHED METAL

- For general cleaning, gently wipe the painted or polished metal with a dry, clean lint-free cloth.
- For stains, apply a small amount of a nonabrasive cleaner to a dry, clean, lint-free cloth. Rub the stains with the wet cloth. When finished, wipe the areas with a new, dry, clean, lint-free cloth.

LAMINATED SURFACES

- For general cleaning, gently wipe the

leather with a dry, clean lint-free cloth wet in a vinegar-and-water mixture.

- For stains, completely dry the pooled liquid on the laminate surface. Leaving the stain to dry could cause warping or a deepened stain. Do not use bleach-based cleaners, waxes, oils or furniture polish as this may compromise the integrity of the laminate.
- For deep stains, wet a clean, lint-free cloth in a soap-and-water mixture, gently using this to wipe the laminate. Rub the stained area in the direction of the grain or in a circular motion when no grain is present. After stain is removed, wet a clean, lint-free cloth in a vinegar-and-water mixture, gently using this to wipe the laminate.

WOOD

- For general cleaning, gently wipe the wood with a dry, clean lint-free cloth wet lightly in warm waters. Wipe dry with a new, dry, clean, lint-free cloth.

CASTERS & GLIDES

- For general cleaning, gently clean the casters or glides with a dry, clean, lint-free cloth wet in a mild soap-and-water mixture. Always keep the floors beneath casters and glides clean as they will pick up dust, dirt and lint from the floor. Dust, dirt and lint will degrade the performance of casters and glides over time.

More cleaning and care guidelines can be found online at:

<https://viaseating.com/professional-resources/care-assembly/>

quick ship textiles

QUICK SHIP FABRICS, VINYL & LEATHERS

Visit www.viaseating.com/materials to explore the depth of Via Seating's in-stock, fabrics & leathers. Browse the wide range of our textile cards. Explore solutions including wool, faux felt, non-pvc, HHI compliant selections and much more. Don't see what you like? Explore thousands of patterns and colorways offered by our textile partners. We have made specifying their lines easy by providing extensive graded-in product charts.

GRADED IN FABRICS

Graded in fabrics are fabrics set a LIST price for use on an order. Their graded in charts can be found online.

Via Seating offers thousands of graded in textile possibilities. Not all graded in fabrics have been tested on every chair model. When specifying a graded in fabric, our client accounts team can help determine with your selection.

Allow 10 business days for delivery of graded in, non-stocked fabrics and leathers, plus 4 days for receipt and check in.

technical bulletins

FLAMMABILITY STANDARD REQUIREMENTS FOR UPHOLSTERED FURNITURE

WHAT IS TB-117?

TB 117-2013, the latest CAL-117 Tech Bulletin, is a flammability standard for upholstered furniture. It mandates that, beginning January 1, 2015, all filling materials (i.e. foam) in California must meet the smolder-resistant requirements of the TB 117-2013 Resilient Filling Material Test. These test methods are intended to estimate the performance of upholstered furniture under conditions of exposure to a smoldering cigarette and the flammability resistance of the inner materials.

TB-117 APPLICATION AT Via Seating

All Via Seating product manufactured with Via Seating in-stock fabrics meet the requirements of California TB 117-2013.

COM & TB-117

COM fabrics are not guaranteed to pass TB 117-2013. Please contact the COM supplier directly to determine the flame-retardant nature of any COM supplied to Via Seating.

California AB2998

Assembly Bill 2998 (Bloom) – Consumer Products: Flame Retardant Materials. Please find details at this link:

https://bhgs.dca.ca.gov/forms_pubs/ab2998_faq.pdf

Effective Sept 1, 2022: Add an upcharge of 8.5% to all items in this price list and round to nearest dollar. If 0.01 to 0.49, round down to 0.00. If 0.50 to 0.99, round up.

COM/COL program

CUSTOMER'S OWN MATERIAL (COM) | CUSTOMER'S OWN LEATHER (COL)

COM/COL ORDER PROCESS

Please send a 6" x 6" or larger textile swatch to Via Seating to test for approval. A larger sample will let us do a more thorough test of the textile. Allow 4 business days to process this test upon receipt of the material.

Once the order has been placed, fill out a "custom upholstery form" for each COM/COL textile and e-mail to orders@viaseating.com. This must include your PO#. This form will help ensure correct application of your COM/COL.

All COM/COL must be shipped to:

**ATTN: FABRIC CHECK-IN,
205 Vista Blvd, Sparks, NV 89434**

Your COM/COL received by Via Seating must be clearly marked, containing customer's name, purchase order number (PO#) and, when applicable, Via Seating order #.

COM/COL APPROVAL PROCESS

Via Seating assumes no responsibility for the durability or tailoring quality of any COM or COL. Directional covers, in particular, may not meet your satisfaction due to the design of certain products. Please be advised that products upholstered in COM/COL are not subject to return to Via Seating. Via Seating reserves the right to reject COM fabrics that, in Via Seating's opinion, are unsuitable for its products. Via Seating can determine this within 48 hours of receipt of the COM/COL sample.

RECEIPT OF COM/COL TO Via Seating

Under no circumstances will Via Seating be responsible for shortages or flaws in the material or other such problems. Via Seating will not be responsible for any costs associated (e.g. return freight and/or restocking charges) with rejected COM or COL materials. In order to meet delivery deadlines, we assume that our customers are aware of any undue delays in the shipment of their ordered fabrics. Once the COM has been accepted, Via Seating assumes no responsibility for its overall appearance, flammability, normal durability, colorfastness, material defects, color inaccuracies, dye lot variations, or any other flaws related to the fabric quality after upholstered on a Via Seating product. If you have doubts of the ultimate appearance of a certain covering, please order a sample chair upholstered in the specific COM or COL.

COM/COL WARRANTY STATEMENT

All COM & COL textiles applied to Via Seating product orders will not be covered under Via Seating's warranty. Any warranty claims need to be made directly to the original vendor of the textile. Via Seating recommends that the purchaser thoroughly test any COM & COL with all cleaning agents that will be used on it prior to using.

COM/COL EXCESS YARDAGE

Excess COM/COL will be recycled at the discretion of Via Seating, unless direction for the additional fabric/leather is given by the customer at the time the order is placed. If the additional COM/COL needs to be returned to the customer, they must contact Via Seating's client accounts team at **1-800-433-6614 (press 1)**. Any returned COM/COL will be paid for by the customer.

Effective Sept 1, 2022: Add an upcharge of 8.5% to all items in this price list and round to nearest dollar. If 0.01 to 0.49, round down to 0.00. If 0.50 to 0.99, round up.

COM calculation

BREAKING DOWN HOW TO CALCULATE TOTAL CUSTOMER'S OWN MATERIAL (COM) NEEDED PER ORDER

COM YARDAGE LISTED IN PRICE BOOK

COM yardage requirements shown in the Via Seating price book are based on non-directional textiles with a width of 54". Fabrics less than 54" wide or those requiring matching stripes, prints, or matching large pattern designs will require additional material.

COM WIDTH & REPEAT TABLE

FABRIC WIDTH	NON-DIRECTIONAL FABRIC	PATTERNS CONTAINING STRIPES, PLAIDS OR PATTERNS WITH REPEATS			
		2" - 14" REPEAT: ADD FABRIC	15" - 24" REPEAT: ADD FABRIC	25" - 27" REPEAT: ADD FABRIC	28" - 36" REPEAT: ADD FABRIC
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	45%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

We will be happy to supply yardage requirement quotes for large quantities of material where economies may be realized. Please contact Via Seating client accounts for a requirement quote. Call **1-800-433-6614 (press 1 for client accounts)** or by e-mailing your client accounts specialist.

STEPS FOR CALCULATING YOUR COM

STEP 1: TOTAL NUMBER OF YOUR MODELS

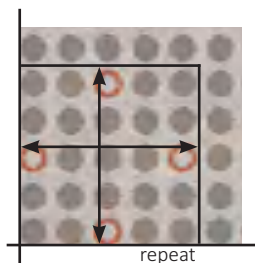

Set how many of an model you will order.

STEP 2: COM FOR YOUR MODEL

Find the COM yardage requirement for your model. This information is listed in the BASE MODEL table in each series. Also see COM/COL information by different seat size options, upholstered arms and seat/back multi-use additions on the series' pricing page.

STEP 3: DETERMINE WIDTH & REPEAT

Make adjustments to the yardage based on your textile's width & repeat. The width is the distance from one selvage edge to the other. The repeat is the length between the first and additional appearance of the same element within a design. Select your multiplier based on width and repeat using the "COM WIDTH & REPEAT TABLE". This amount needs to be added to the total yardage sent.

STEP 4: ROUND TOTAL YARDAGE

Round to the nearest half yard. This is the total amount of COM yardage that needs to be sent to Via Seating.

example of total yardage for an order
50 run II mesh mid back chairs (model #971)
971 only has a seat COM of 1.0 yd per seat. 50 chairs x 1.0 yd = 50.0 yd
width is 54" repeat is 15" multiplier is 15% 50 yd + (50 yd x 15%) = 57.5 yd
57.5 yd total will need to be shipped to cover the seats on 50 run II mesh mid back chairs (#971)

Effective Sept 1, 2022: Add an upcharge of 8.5% to all items in this price list and round to nearest dollar. If 0.01 to 0.49, round down to 0.00. If 0.50 to 0.99, round up.

COM/COL custom upholstery form

This form is also required for all orders including customer's own material (COM) and customer's own leather (COL). One form is required for each COM/COL (ie. custom upholstery).

All COM/COL received must be clearly marked, containing customer's name and purchase order number (PO#). COM/COL must be shipped to **ATTN: FABRIC CHECK-IN, 205 Vista Blvd, Sparks, NV 89434.**

proprietary foam technology

Via Seating chairs use closed-cell, cold-cured foam that is injection-molded into strategically contoured seat molds—owned by Via Seating. This proprietary process maximizes on lasting comfort, durability and ergonomic support. Via Seating foam is fully covered under the 12 year warranty.

injection-molded foam

Via Seating foam is sculpted to provide body balance technology built directly in the cushioning of the seat and back. It is injected into an engineered mold at controlled, differing rates, which creates strategic, multi-density levels within each cushion. This process builds a subtle seat contour that maximizes support exactly where it is needed—where body weight is most concentrated. The outer edges by contrast, are made softer and in a waterfall slope so that the seat does not restrict circulation where the legs extend out over the edge of the seat.

closed-cell cold-cured technology

Closed-Cell refers to the fact that the foam has a smooth outer skin that is kind to fabric. It does not rasp on the upholstery from the inside. The foam does not absorb moisture. It protects the foam over time and does not break down. The comfort of Via Seating foam has the same comfort 12 years later.

Cold-Cured refers to the consistency in size of the air cells within the foam. The foam is one single, contoured and resilient piece of foam. It is not layered foam.

expertly tested & durable

Via Seating uses a resistance factor test and measurement of density to assess the durability and quality of its foam.

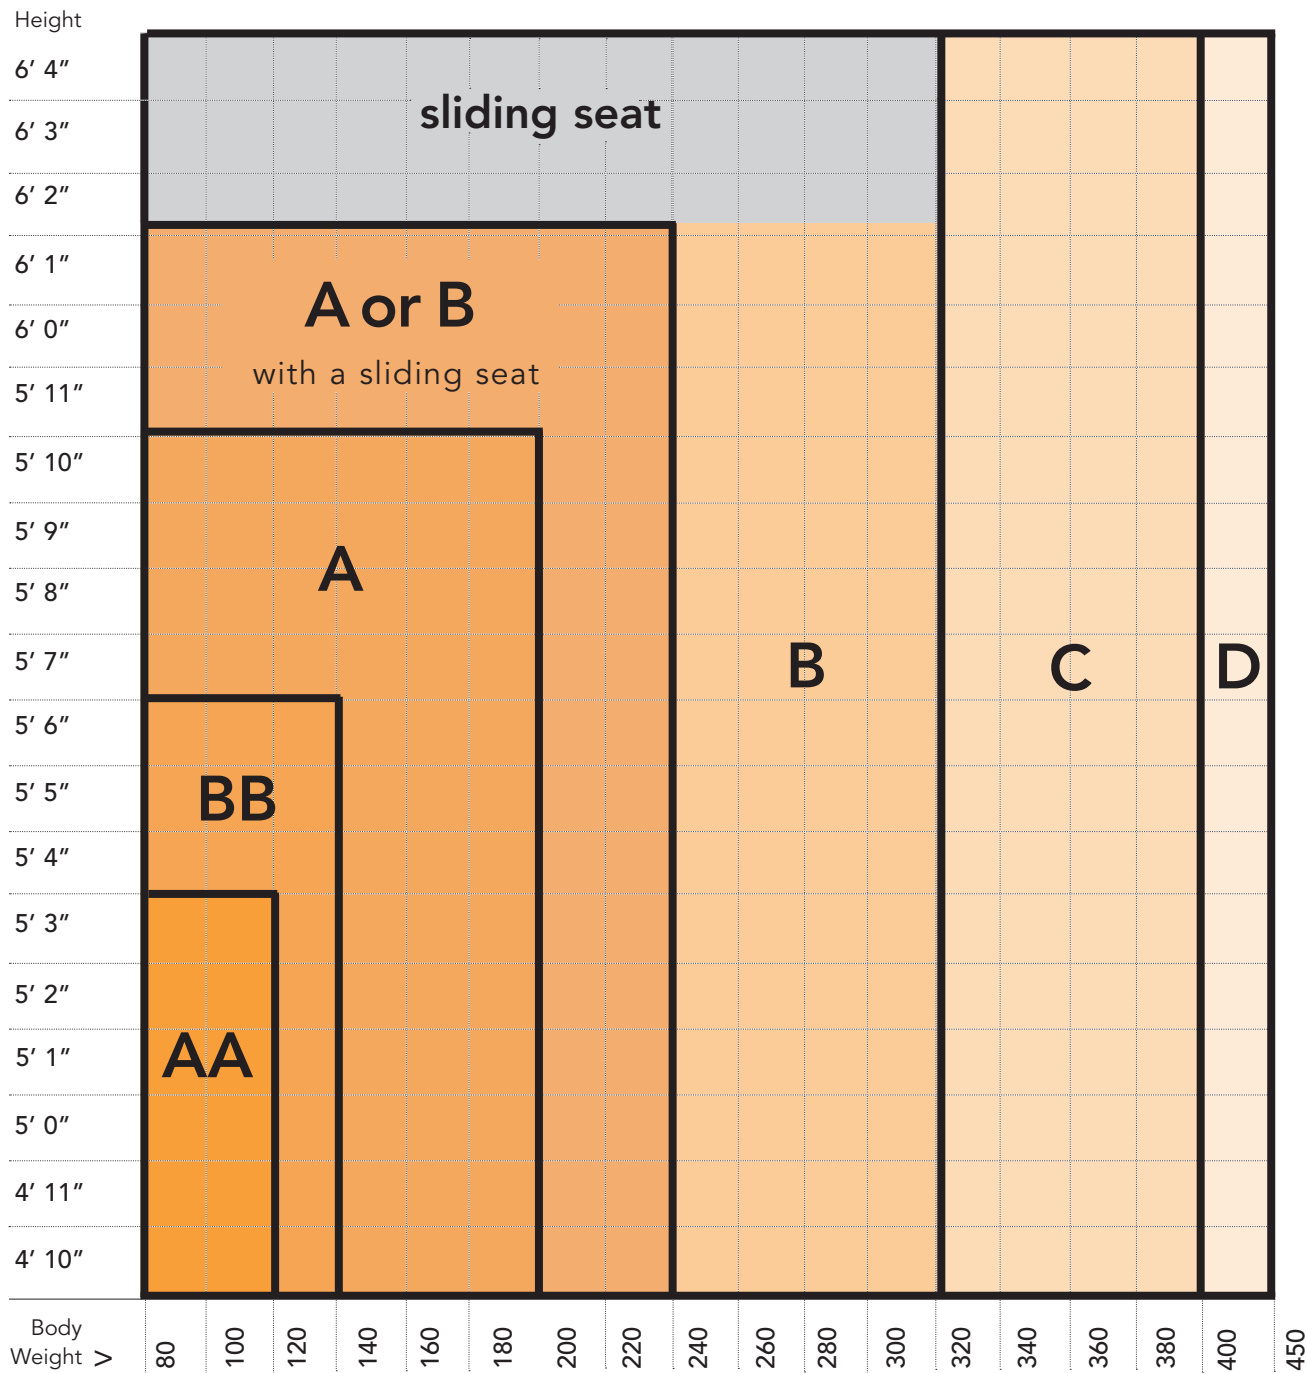

Density/volume weight gives an indication of the foam's ability to resist weight and not "bottom out". Good foam must provide resistance in direct proportion to the amount of pressure applied. This unit of measurement does not necessarily translate into hardness but rather the feeling of support you receive when you sit on the foam.

Via Seating foam has an average density or volume of **3 pounds per cubic foot** (48 kg/m³). Standard flat foam, by comparison, has a single volume weight between 1.9-2.25 pounds per cubic foot (30 to 40 kg/m³). The greater density of Via Seating foam makes it best-suited for office ergonomic seating.

Effective Sept 1, 2022: Add an upcharge of 8.5% to all items in this price list and round to nearest dollar. If 0.01 to 0.49, round down to 0.00. If 0.50 to 0.99, round up.

seat size selection guide

This reference chart helps select seat size cushions for task, conference, executive & management seating series. Height and weight are key indicators of suitable seat choice. The B-size seat cushion is designed to fit a broad range of individuals, especially when a seat slide for seat depth adjustment is being used.

fixed modular arms (part 1 of 2)

0A: a note on armless seating models

Unless otherwise indicated as containing a fixed, integrated arm, all Via Seating chairs start as armless models. Armless chairs and swivel-caster stools have many benefits. Armless versions of chairs are the least expensive, save on space and allow for greater ease of movement in and out of the chair. Armless models on task-work, conference, Via Seating's execu-task and management seating solutions, however, do not provide the most ergonomic sitting experience. To improve comfortability and user support for long-term sitting and task work, see arm options available on each task-work, conference, Via Seating's execu-task and management series.

A Note on seat heights.

- Seat heights differ between configurations. These heights are impacted by framework, controls, seat wood, foam, casters/glides & other factors. See each series page online under the drawings section to find seat height dimensions true to specific model configurations.
- High-profile bases (27BB & 27GB), Jury base 20JRY & hands-free Spec Stool 1401 use unique gaslifts not included on this chart. Lounge gas lifts are not included on this chart.

5-star swivel bases

These bases are used across multiple series for the following applications: task, task stool, light task, light task stool, conference, executive and management seating. Each base is designed to work with both casters and glides options. On select series and where noted below, these bases are used for heavy-duty, 24/7 use & multi-shift use.

ergonomic task chair & stool, conference,
copper mesh collection

featured image: 782-B-67C-SS-FT-33A-18BB-16HP-LS4B-13U-GR 1 (SILVERTEX STERLING)

features

Breadth of Line: available as a mid back chair or task stool with mesh, upholstery or groove fabric.

Mesh Back: 4-way elastomeric stretch mesh in monochromatic solid colors or Via Seating’s exclusive biocidal, self-sanitizing copper mesh. Offered with optional adjustable lumbar.

Upholstered Back: sleek upholstered back version with integrated, adjustable lumbar.

Groove Back: provides an incredibly comfortable hybrid between mesh and upholstered back.

Seats: offering two distinct seat styles—original slim line design with seat pan and newest enhanced comfort seat with extra height in the cushioning of the seat.

Arms: multiple height and width adjustable options and a fixed, conference arm.

Control Mechanisms: controls include latest quick adjust advanced synchro (no endless turning of the handle to adjust your backrest to your level of comfort) with choice of an optional 2.5” seat depth adjustment & an optional +3° forward tilt adjustment & body balance technology.

Via Seating’s comfort foam: a proprietary blend of high-density, injection-molded, closed-cell, cold-cured foam so durable and lasting it is backed by Via Seating’s 12 year warranty.

design by Studio V

Studio V creates modern, sophisticated and original seating solutions that are ergonomic, beautiful and sustainable. This team of engineers, sustainability experts and designers is based in Reno, Nevada. Studio V develops products using a prototyping lab, the latest in 3D modeling software and a materials testing center.

FAQ

1. Can the **33A**, **35A** & the **46A** arms take different caps?

No, these arm caps (ie. arm rests) are permanent. The **33A** & **35A** has a 4D rotating cap, custom to those arms. The **46A** has a fixed cap.

2. Can the forward tilt feature on the **67C-SS** go on the **67C**?

No. The **67C-SS-FT** is Via Seating's latest full function ergonomic control option delivering both a 3° forward tilt and a 2.5" seat slide.

FAQ

1. Can I apply my own thread color in the Emphasized Stitch program?

Yes. Please note, lead time on chairs with custom thread colors can take up to 6 weeks from time of order confirmation depending on the complexity and availability of the thread color specified. Conditions may apply. Please contact 1-800-433-6614 for more information.

2. Can I get a permanent, fixed seat?

Yes. Please see option 2.

3. What is the best way to maximize on my motion-lounge experience?

For maximum comfort, Via Seating recommends pairing the motion experience: rocking with 360 degree swivel (**70C**) and rocking & swaying with 360 degree swivel (**72C**) with a lounge ottoman (see pg. 115).

FAQ

1. Can I place a logo on my chair?

Yes, logos can be applied by embroidery on fabric, vinyl or leather. These logos must be placed at least 2" away from the edges of the seat, back and all stitch lines. Extended lead time on chairs with logos is 4-6 weeks. Please see **pg. 19**.

FAQ

1. Can I apply my own thread color in the Emphasized Stitch program?

Yes. Please note, lead time on chairs with custom thread colors can take up to 6 weeks from time of order confirmation depending on the complexity and availability of the thread color specified. Conditions may apply. Please contact 1-800-433-6614 for more information.

2. Can the forward tilt feature on the 67C-SS go on the 67C?

No. The 67C-SS-FT is Via Seating's latest full function ergonomic control option delivering both a 3° forward tilt and a 2.5" seat slide.

2. Can the high back synchro controls go on the mid backs? And vice-versa?

Yes. The 67C, 67C-SS & 67C-SS-FT are now available to use on mid & high back Carmel models.

FAQ

1. Can I apply my own thread color in the Emphasized Stitch program?

Yes. Please note, lead time on chairs with custom thread colors can take up to 6 weeks from time of order confirmation depending on the complexity and availability of the thread color specified. Conditions may apply. Please contact 1-800-433-6614 for more information.

2. What is the best way to maximize on my motion-lounge experience?

For maximum comfort, Via Seating recommends pairing the motion experience: rocking with 360 degree swivel (-70C) with a lounge ottoman.

3. Can I get a fixed seat?

Yes. Please see option 2.

DIMENSIONS & FINISHES

Dimensions and finishes can be found online. Studio V, Via Seating's engineering design team, continuously updates and works with its partners to update Via Seating products to the latest industry advances and to customer feedback. Dimensions, finishes & resources are made available online to allow for real-time updates with the most current data.

FAQ

1. Can I apply my own thread color in the Emphasized Stitch program?

Yes. Please note, lead time on chairs with custom thread colors can take up to 6 weeks from time of order confirmation depending on the complexity and availability of the thread color specified. Conditions may apply. Please contact us at 1-800-433-6614 for more information.

2. Can I apply my own color to any of the bases?

Yes. Minimums apply. Additional pricing and conditions apply. Please contact us at 1-800-433-6614 for more information.

3. Can I get a fixed seat?

Yes. Please see option 2.

Genie®

ergonomic task chair & stool, conference, copper mesh collection

featured image: 405-W-67C-SS-FT-52A18R-18WB-16HP-NSP-GR 1 (SPRADLING SILVERTEX STERLING)

features

Breadth of Line: available as a mid back chair or task stool in a black or white frame.

Seats: offering six seat sizes—petite to extra-large—with an all in one look and reaching a 350 lb weight rating. Optional stitch-work or seamless seats for infection prevention & easy clean up.

Mesh: offering choices in standard, high-performance, 4-way elastomeric mesh or biocidal, first-to-market, patent-pending, Genie Copper Mesh® in natural copper and black copper, perfect for healthcare environments as well as improving hygiene in shared desk situations.

Arms: multiple height and width adjustable options and a fixed, conference arm.

Control Mechanisms: controls include latest quick adjust advanced synchro (no endless turning of the handle to adjust your backrest to your level of comfort) with choice of an optional 2.5" seat depth adjustment & an optional +3° forward tilt adjustment & body balance technology.

Bases: five-star swivel bases available in black nylon, polished aluminum and brushed aluminum.

Via Seating's comfort foam: a proprietary blend of high-density, injection-molded, closed-cell, cold-cured foam so durable and lasting it is backed by Via Seating's 12 year warranty.

Genie Flex[®]

ergonomic task chair & stool, conference,
12-year covered TPU backs

featured image: 441-DG-67C-SS-FT-51AG18R-18GB-16SCG-NSP-GR 1 (SPRADLING SILVERTEX STERLING)

features

Breadth of Line: available as a mid back chair or task stool in a black or magnet grey frame.

Seats: offering six seat sizes—petite to extra-large—all in one look & at a 400 lb weight rating.

Intuitive Flex Back: strategically manufactured thermoplastic polyurethane (TPU) that is soft yet supportive. It provides active stretch and resistance creating multi-dimensional intuitive movement with superior support. This TPU is 100% recyclable, bleach-cleanable, chlorine-free and uses no plasticizers.

Arms: multiple height and width adjustable options and a fixed, conference arm.

Control Mechanisms: controls include latest quick adjust advanced synchro (no endless turning of the handle to adjust your backrest to your level of comfort) with choice of an optional 2.5" seat depth adjustment & an optional +3° forward tilt adjustment & body balance technology.

Bases: five-star swivel bases available in black or grey nylon & polished or brushed aluminum.

Via Seating's comfort foam: a proprietary blend of high-density, injection-molded, closed-cell, cold-cured foam so durable and lasting it is backed by Via Seating's 12 year warranty.

QUICK SHIP MANUFACTURING TIME

FAQ

1. Can I place a logo on my chair?

Yes, logos can be applied by embroidery on fabric or screen print on vinyl. These logos must be placed at least 2" away from the edges of the seat or back. Extended lead time on chairs with logos is 4-6 weeks. Please see pg. 19.

FAQ

1. Can I apply my own thread color in the Emphasized Stitch program?

Yes. Please note, lead time on chairs with custom thread colors can take up to 6 weeks from time of order confirmation depending on the complexity and availability of the thread color specified. Conditions may apply. Please contact 1-800-433-6614 for more information.

2. Can I apply my own color to any of the bases?

Yes. Minimums apply. Additional pricing and conditions apply. Please contact 1-800-433-6614 for more information.

3. What is the best way to maximize on my motion-lounge experience?

For maximum comfort, Via Seating recommends pairing the motion experience: rocking with 360 degree swivel (**70C**) and rocking & swaying with 360 degree swivel (**72C**) with a lounge ottoman (see pg. 115).

4. Can I get a fixed seat?

Yes. Please see option 2.

FAQ

1. Can I apply my own thread color in the Emphasized Stitch program?

Yes. Please note, lead time on chairs with custom thread colors can take up to 6 weeks from time of order confirmation depending on the complexity and availability of the thread color specified. Conditions may apply. Please contact us at 1-800-433-6614 for more information.

2. Can I apply my own color to any of the bases?

Yes. Minimums apply. Additional pricing and conditions apply. Please contact us at 1-800-433-6614 for more information.

3. What is the best way to maximize on my motion-lounge experience?

For maximum comfort, Via Seating recommends pairing the motion experience: rocking with 360 degree swivel (**70C**) with a lounge ottoman.

4. Can I get a fixed seat?

Yes. Please see option 2.

FAQ

1. Can I place a logo on my chair?

Yes, logos can be applied by embroidery on select fabric/vinyl/leather. These logos must be placed at least 2" away from the edges and all stitch lines of the seat or back. Extended lead time on chairs with logos is 4-6 weeks. Please see pg. 19.

2. Do the panel, parallel & diamond stitch patterns work with any fabrics & vinyls (ie. anything other than leathers)?

Yes! Please view our materials library at viaseating.com/materials/ for approved fabrics & vinyls. To test COM/COL, please call your client accounts specialist at 1-800-433-6614 (press 1).

3. Can the forward tilt feature on the **67C-SS** go on the **67C**?

No. The **67C-SS-FT** is Via Seating's latest full function ergonomic control option delivering both a 3° forward tilt and a 2.5" seat slide.

FAQ

1. Can I place a logo on my chair?

Yes, logos can be applied by embroidery on fabric, vinyl and leather. These logos must be placed at least 2" away from the edges of the seat, back and stitch lines. Extended lead time on chairs with logos is 4-6 weeks. Please see pg. 19.

FAQ

1. Can I place a logo on my chair?

Effective Sept 1, 2022: Add an upcharge of 8.5% to all items in this price list and round to nearest dollar. If 0.01 to 0.49, round down to 0.00. If 0.50 to 0.99, round up.

Yes, logos can be applied by embroidery on fabric, vinyl and leather. These logos must be placed at least 2" away from the edges of the seat, back and stitch lines. Extended lead time on chairs with logos is 4-6 weeks. Please see pg. 19.

SUSTAINABILITY CERTS & INITIATIVES

design by Basaglia & Rota Nodari

Alberto Basaglia and Natalia Rota Nodari met while studying at the Politecnico of Milan where they both graduated in architecture. Shortly after, they founded their studio, BASAGLIA ROTA NODARI. These Italian designers aim to transcend the typical image of the Italian designer. The pair achieve this by capturing beauty in equal measure with the technical aspects of their creations. Their visions manifest into award-winning, lovely furniture that captivates and stands the test of time.

Effective Sept 1, 2022: Add an upcharge of 8.5% to all items in this price list and round to nearest dollar. If 0.01 to 0.49, round down to 0.00. If 0.50 to 0.99, round up.

FAQ

1. Can I place a logo on my chair?

Yes, logos can be applied by embroidery on fabric, vinyl or leather. These logos must be placed at least 2" away from the edges of the seat, back and all stitch lines. Extended lead time on chairs with logos is 4-6 weeks. Please see pg. 19.

DIMENSIONS & FINISHES

Vero

executive, management,
conference, execu-task

featured image: 875-67C-55A-18PB-16SCG-GR 4 (MOMENTUM SOLACE NICKEL)

features

Breadth of Line: available as an upholstered high and mid back.

Design: distinct horizontal lines with cushions strategically placed for ergonomic comfort.

Arms: featuring sleek, fixed loops available in black matte or polished versions with black and upholstered cap options. Also offers an ergonomic 8D adjustable arm for execu-task applications.

Control Mechanisms: controls include latest quick adjust advanced synchro (no endless turning of the handle to adjust your backrest to your level of comfort) with choice of an optional 2.5" seat depth adjustment & an optional +3° forward tilt adjustment & body balance technology.

Bases: five-star swivel bases available in black nylon, polished aluminum and brushed aluminum.

Via Seating's comfort foam: a proprietary blend of high-density, injection-molded, closed-cell, cold-cured foam so durable and lasting it is backed by Via Seating's 12 year warranty.

design by GREY ID

Industrial design does not end in the talent of a single designer but encompasses the skills of young creative professionals working in the various disciplines of industrial planning: from concept to development, to provide support to the different stages of product engineering; they are dealing with the correct ways of communicating their projects both in terms of design and exhibitions. This is the perspective of GREY ID.
